

new state-of-the-art smart campus at KIADB Aerospace Park, which will become a strategic center of excellence for mechanical, electromechanical and electronic solutions. We'll also help India become a world-class ecosystem for Collins to drive profitable design and manufacturing of products. And we have planned expansions for our Maintenance, Repair and Overhaul (MRO) services beyond the existing Original Equipment Manufacturer (OEM) market to be the preferred source for all of RTX.

Site history

CAPABILITIES

Critical processes	<ul style="list-style-type: none"> Soldering Potting Impregnation Robotic gluing 	<ul style="list-style-type: none"> Heat sealing Composites – autoclave Conformal coating Part marking
Special processes	<ul style="list-style-type: none"> Precision welding Ultrasonic welding Precision brazing 	<ul style="list-style-type: none"> Powder coating Spray painting RF welding
Assembly and testing capabilities	<ul style="list-style-type: none"> Drum testing (mechanical) Screw torquing robot (mechanical) Power pack test rig (mechanical) Power assembly (electronics) MC21 MDE (electronics) Functional testing (electronics) Electronics box build 	<ul style="list-style-type: none"> Motor precision Wire harness ESS Leak check HASS test Thermal testing Vibration shaker Digital radiography Hydraulic and manifold CMM measurement Functional test
